

# Recycle

for

# The LBJ Band

Help the LBJ Band and the environment at the same time by recycling your used cell phones and ink cartridges. The LBJ Band is registered with Recycling Rewards, a company that will pay us money (!) for every eligible item we send them.

Here are several easy ways that you can contribute to this program:

- Drop off items for recycling in the box in the band hall and other locations to be announced.
- Ship your items at no cost directly to the company using labels that we will provide to you.
- Enlist help from local businesses by asking them to host a box for customers to deposit their recyclables.
- Collect eligible items from your friends and colleagues.

## **PLEASE NOTE:**

Only cell phones that are still functional are eligible for recycling.  
Ink cartridges must be undamaged.  
Remanufactured ink cartridges are **NOT** eligible.

For more information contact Leslie Stevens (flylady@mail.utexas.edu) or Jennifer Scalora (scalora@mail.utexas.edu). Additional information about the program and a list of eligible items can be found at the company's website (<http://www.rrewards.com>).

**If your band member is concerned about the environment, please have them contact us to learn how they can contribute to making this program a success.**
